RE: Bunker Hill Superfund Site - Asbestos Abatement Bids

Dear Mr Ceto:

Enclosed please find copies of the bids Pintlar has received for the asbestos abatement projects at the Zinc Plant. The bids were made after an initial walk through of the facilities with Mr. Ed Whitley. Each bidder was also given a package that contained maps and estimates of amounts of asbestos found during the RI and other surveys taken on site. Please note that the bid from MCS is for the Roaster Floor only.

If I can be of any further assistance please call me at 784-1321.

Sincerely,

Jim Hodge
Environmental Manager
